Report to the 2009 Annual Meeting

During 2008, the website received an average of 42 visits a month (48 per month during 2007) or a total of 643 visits.

The average number of pages viewed was 223 a month (228 per month during 2007).

52% of the visitors each month were people who had not previously visited the website (54% during 2007). The majority of the visitors were located in Central New York but there are also visitors from many other places in the country.

The most frequently viewed pages were: pastor, news, newsletter, prayers, calendar, back page, council, annual meeting.

Pages were updated regularly, especially: calendar, news, Sunday readings, back page and council pages.

Seasonal pages were added and removed, including: annual meeting reports, and Advent devotions.

Many visitors (members of the church, presumably) come directly to the site. A few come through search engines (Google and Yahoo). Some come through links on the UCC, New York Conference and Waterville Times websites.

The webservant welcomes contributions of information and photographs for posting on the website and records his thanks to people who provided materials during 2008.

Comments and suggestions about how to make the website more informative and helpful to members are always welcome.

Respectfully submitted,  
Lawrence C Gilley  
Webservant
