

Worship Committee  
Annual Report – April 2012

The worship committee is in charge of anything that happens inside of the sanctuary itself, so during the fall and early winter we lined up the greeters and communion servers for the next calendar year, changed the vestments on the alter. The worship committee is also in charge of ordering music hymnals, and if necessary, ordering music for the music director.

After discussion at one of the council meetings in early fall, it was agreed upon that the ordering of the Christmas and Easter flowers should fall under the Congregational Care committee. That committee will now order the flowers for the congregation and also for the shut-ins.

We had very nice Advent, Christmas , Lenten and Easter service celebrations, thanks to Reverend Townsend and the music director, Janet Dangler.

Thank you to all of the volunteers who helped set-up and take down the Christmas decorations. It was decided this year, that we would divide up the hanging of the greens, so that each week a different theme of advent was celebrated. Also, thank you to all of the church members who lit the advent candles and participated in the advent reading.

January through March was time to work on doing inventory for the church sanctuary, making sure we have enough candles, hymnals, etc.
